

Insurance Assessments Increase Over 1959

Insurance taxes of \$61,765,000 were assessed against the 699 companies authorized to do business in California during 1959, according to Richard Nevins, Fourth District Member of the State Board of Equalization. The year's assessments exceeded those of the prior year by 11.1%. The 477 casualty companies paid \$31,612,219 in State taxes on \$1.4 billion of 1959 net premiums on fire, automobile and other casualty policies. Their business was 11.4% greater than in 1958.
